## WORK EXPERIENCE

[ 19/03/2022 – Current ]

### .NET Backend developer

*Interlogica*

**City:** Rome
**Country:** Italy
At Interlogica I am working in the Automotive Industry.
I work mantaining and creating REST and SOAP APIs, alongside these I also work to integrate SQL queries to multiple Oracle and SQL Databases.

[ 05/07/2021 – 18/03/2022 ]

### Salesforce Fullstack Developer

*Deloitte Italia*

**City:** Rome
**Country:** Italy
At Deloitte I worked on the TIM Sparkle Project  as a fullstack salesforce developer.
In this project I experienced both Waterfall development and Agile development, I worked mantaining the project and adding unit testing and implementing new features.
Me and a few other collegues created the new administrative section of our customer portal, where the admins create, edit and manage new users and their permission, to set these permission we connected to an external API service called C-IAM.

## EDUCATION AND TRAINING
